| TITLE: Availability of CICS in Test Mode |
| |
| |

| Purpose |
| |

To announce the status of CICS in a test mode and the responsibilities for its availability.

| Organization and Responsibilities |
| |

ISD will be responsible for the installation, testing, and maintenance of the CICS software system.

ISD is responsible for coordinating the use of CICS and its availability as indicated in the next section.

| Availability of a CICS System in Test Mode |
| |

CICS will normally be available in test mode for 24 hours each day seven days per week except for a 10 minute outage at 5:00 a.m each morning.

Due to the nature of a test system, unannounced outages may occur at any time and without notice.

Access to CICS in a test mode is accomplished by entering 'CTST' from the VTAM main menu.

This document is the current version of Advisory 2.10.7034 that had been issued by the Comptrollers Data Processing Division
